

This webinar will provide insight and provide a step-by-step process on how to talk to children about a cancer diagnosis. Topics covered will include:

- Why should I tell my kids about my cancer?
- The three steps to talking with your children:
 - Step 1: How to prepare for the conversation.
 - Step 2: How to hold the conversation.
 - Step 3: What to do after the conversation.
- The four C's of concern for children when someone they love is diagnosed with cancer.

Featured speaker:

Diane Davies is a wife, mother, grandmother, retired elementary teacher, breast cancer survivor, volunteer and author. Diane taught 1st & 3rd grade for 26 years and supervised student teachers for the University of Wisconsin River Falls the rest of her career. In 2004, Diane was diagnosed with breast cancer. It was during this cancer journey that her writing career began. She and her husband make their home in Denmark Township, Minnesota. Diane's daughter and family live next door making Diane one very lucky and happy grandmother!
