

“ To educate the **community** by providing **support** and **information** about **detection, diagnosis, treatment** and **survivorship.** ”

It is estimated that 4,670 new cases of breast cancer will be diagnosed in Minnesota in 2020, and an estimated 630 women and 4 men will die.

YOU CAN HELP US MAKE A DIFFERENCE!

Each year, volunteers at the Breast Cancer Education Association help hundreds of people in our community who are affected by breast cancer.

Your support will help us reach people with information and support they need to make informed decisions. Whether it is through screening events in the neighborhoods of at-risk populations, or through free educational webinars, we are committed to empowering people with the information and tools they need to navigate through breast cancer detection, diagnosis, treatment and survivorship.

Our inspiring and informative annual Conference is the only event of its kind in the Twin Cities. Bringing together a wide variety of resources to support people at all stages of their journey, the event features renowned experts sharing the latest in breast cancer research, treatment and care.

OUR COMMITMENT

Founded in 2001 by survivors Ann Harris and Lois Joseph, the Breast Cancer Education Association fulfills the need for a broad range of information about breast health. Our annual conference, community outreach programs and educational webinar series provide access to resources that encourage, engage and empower those whose lives are affected by breast cancer.

ENCOURAGE detection **EDUCATE** CARE COMFORT awareness
HOPE Volunteer screening **ENGAGE** fight **LOVE**
GIVE Survivor **EMPOWER** outreach CONNECT

RAISE YOUR HAND

Do you want to **MAKE A DIFFERENCE** in the lives of people who have been impacted by breast cancer? Would you like to **CONNECT** with others who are passionate about breast cancer education?

Please consider volunteering with the Breast Cancer Education Association. Even if you have just a few hours, we have a variety of opportunities to fit every schedule and skill set.
