

This webinar will cover:

- Pregnancy options after breast cancer
- Fertility preservation options
- Current data on fertility and pregnancy after breast cancer
- Q & A for attendees

Featured speakers:

Michaela Tsai, MD, MN Oncology

Tsai graduated from Harvard Medical School and completed her internal medicine residency at the University of MN. In her work at MN Oncology she focuses on special interests including breast cancer, clinical research and hereditary breast and ovarian cancer syndromes.

Katie Houselog, RN, MS, CNP, AOCNP, MN Oncology

Houselog completed her undergraduate and graduate degrees from Winona State University. Katie began her career with Minnesota Oncology as a research nurse, and joined the ranks of our nurse practitioners in 2008.

Colleen L. Casey, MD, Center for Reproductive Medicine

Casey is a Reproductive Endocrinologist/Fertility Specialist at the Center for Reproductive Medicine. She received her medical degree from the University of Minnesota and completed her residency at the University of Michigan. She is Board Certified in Obstetrics & Gynecology, Reproductive Endocrinology and Infertility.
